A message from leadership

Dear Friends,

This annual impact report offers a valuable moment to pause, reflect, and celebrate the collective achievements we have realized over the past year. It is our privilege to express sincere gratitude for your unwavering support.

Dan Murphy

Vice President & Chief Philanthropy Officer

At both Community Hospital of San Bernardino and St. Bernardine Medical Center, our leadership, medical teams, and staff deeply appreciate the vital role philanthropy plays in our work. Your generosity allows us to maintain the highest standards of excellence today while pioneering innovative patient care for the future. Thanks to your contributions, we have launched groundbreaking programs, developed state-of-the-art facilities, and equipped our clinicians with the advanced tools necessary to provide superior care to our community.

We are proud to share that, with the support of over533 donors, we raised a record $1,980,000 this year. This funding, bolstered by significant hospital transfers, has been instrumental throughout fiscal year 2026, enabling us to expand our robotics program, initiate the construction of an on-site FQHC, and acquire essential capital equipment.

As you explore the stories of gratitude on the following pages, please remember that your compassion is the driving force behind the exceptional care we deliver. While medical science continues to evolve, our mission remains ongoing. Together, we are creating a meaningful impact and actively transforming the lives of every patient we serve.

We extend our heartfelt appreciation for your continued confidence, collaboration, and steadfast support. We are profoundly grateful for everything you make possible.

With gratitude,

Dan Murphy
Vice President & Chief Philanthropy Officer

Dignity Health Foundation – Inland Empire believes every act of humankindness is worthy of celebration and every expression of gratitude deserves recognition.

Legatus dé Cor

About the Legatus dé Cor Society

The philanthropic spirit is given a voice when wishes are expressed in a living trust or will. While many may think philanthropy is reserved for a select few, the truth is that every planned gift to Community Hospital of San Bernardino and St. Bernardine Medical Center make a mark that will last throughout history. Planning your financial giving is a powerful opportunity that ensures your wishes come true and can be a creative way to help future generations of our community.

Dignity Health Foundation – Inland Empire is committed to meeting the growing health care needs of the residents throughout the Inland Empire. We place a special emphasis on healing the body, mind and spirit with compassionate advanced medical technology and treatments.

Planned giving does not have to be complicated - and it is not only reserved for those with great wealth. It can be as simple as adding a small bequest in your will or living trust. Once you are a cherished planned giving donor to Community Hospital of San Bernardino or St. Bernardine Medical Center, you will become part of the lasting legacy of a planned giving society called The Legatus dé Cor Society (Legacy of the Heart). We want to recognize donors like yourself for the impact they leave in our community by "giving of the heart" through a planned gift. If you wish to remain anonymous, the Foundation will honor that.

If you want to leave a legacy that lasts beyond a lifetime, the Legatus dé Cor Society may be just the right choice for you.

Visit our website for more information on how you can leave a lasting legacy.

2025 Legatus dé Cor Society Dinner

What a wonderful evening we had! We celebrated the power of legacy giving with 59 attendees at Dr. Mawad's beautiful home. Guests enjoyed a delicious buffet dinner before hearing from Dan Murphy, who welcomed everyone and shared insights about the Dignity Health Foundation's vital work and the impact of the Legatus de Cor Society. Our very own Bill Lemann, Chair of Legatus de Cor, then spoke passionately about the "Legacy of the Heart" and how planned gifts truly make a difference for our hospitals and community. We extend a huge thank you to Dr. Mawad for hosting us, and to all who attended and continue to support our mission!

Legatus dé Cor & FreeWill

Leave a Legacy of Hope and Healing with Dignity Health Foundation Inland Empire

Create lasting impact across the Inland Empire by including Dignity Health Foundation – Inland Empire in your will or trust. With our free, easy-to-use planned giving tools powered by FreeWill, you can ensure compassionate care, vital community programs, and humankindness continue for generations to come. Your legacy can be a gift of healing, today, tomorrow, and always.

At Dignity Health Foundation – Inland Empire, we believe that humankindness means advancing care for the whole person. That care extends far beyond the walls of the hospital, including helping our donors, employees, and communities plan for the future.

You may be surprised to learn that 71% of Americans don't have a will or trust, leaving many families unprotected in the event of the unexpected. Probate alone can take 9 to 18 months and cost up to 10% of an estate's value.

That's why we're proud to offer a new, free resource through our partnership with FreeWill. This secure online tool allows you to create or update your will at no cost—giving you peace of mind and confidence in your plans for tomorrow.

Having a will ensures that your priorities are honored, your loved ones are cared for and your future is planned with confidence. Whether you are creating a will for the first time or updating an existing one, this tool makes the process easy and accessible.

We are honored to share this resource with our larger Dignity Health Foundation - Inland Empire community as part of our ongoing commitment to serving the whole person—body, mind and spirit. If you have any questions about this new partnership, please contact me or visit our website: https://inlandempire.mygiftlegacy.org/
